1st December 2020

Dear Parents and Carers,

Seesaw Parent and Family

Thank you so much for your continued support with our home learning platform, Seesaw. Many of your children are now using this platform for their home learning, which their class teacher sets. We are now expanding Seesaw to provide parent access via the Seesaw Parent and Family App available for iOS and Android.

The attached Family Invite will guide you through the process and will automatically link your account to your child's, which will allow you to monitor their progress and participation. By creating your own Seesaw Family account, you will also be able to directly communicate with your child's class teacher regarding their home learning and other Seesaw-based activities.

There is an induction video on the website <https://www.sharpnessprimary.org.uk/seesaw-home-learning/> which will talk you through how to complete this process and also explain the platform's layout and design, as well as an additional introduction video from Seesaw.

For further information, please visit: <https://web.seesaw.me/parents>. If you have any questions, please do contact the school or speak to your child's class teacher.

Yours sincerely,

Helen Buckingham
